

Dear Sir,

I estimate that the Haverhill Police Department has approximately 1,200 documents relating to seized drugs for the time period that you referenced. In order to produce copies of the documents and separate documents where no arrest was made and redact exempted information, I would estimate the following:

30 hours of labor @ \$24.00 per hour to equal \$720.00

We would then charge 50 cents per copied page. Should there be 300 such records, it would be an additional \$150.00.

Total estimate would be \$870.00 for the search, redaction and copies.

If this is agreeable please contact us.

Donald Thompson
Deputy Chief
Haverhill Police.
